Railway & Transport Hub Assessment

		Gold 10-9	Silver Gilt 8	Silver 7-6	Bronze 5
A1	<u>Plant Selection</u> Are the plants suited to their growing conditions and location and is there year round interest (where appropriate)?	Excellent plant selection with almost no exceptions and extensive year round interest.	Plant selection overall is very good with only a few exceptions and ample year round interest.	Plant selection is generally good . There is room for improvement in some areas in order to extend year round interest.	Plant selection is satisfactory however it requires further consideration in order to extend the season and maintain interest.
A2	<u>Plant Quality</u> Are the plants vibrant and grown to their full potential? Are they free of all pests and diseases?	Plant quality is excellent and grown to full potential with no evidence of pests and diseases.	Plant quality is very good with few exceptions. There are minimal signs of pests and disease present.	Generally plant quality is good but not consistent. Pest and diseases are present in a few locations. Lack of vigour in some areas.	Plant health and vigour could be improved but are generally satisfactory . Pests and diseases are present in certain areas.
A3	<u>Maintenance of Planted areas</u> Are the areas maintained by station adopters/volunteers of a high standard including cultivation, weeding, feeding, pruning, (grass cutting and edging where appropriate?)	Excellent standards of cultivation. Very consistent throughout. Maintenance and general care is outstanding in all areas.	Standards are very good with few exceptions. Maintenance is managed very well and the results are very consistent.	Standards are good and fairly consistent. There are a few exceptions where further attention is required.	Standards are generally satisfactory . However, the maintenance programme requires further attention to detail in some areas.
A4	<u>Overall Impression</u> Are the plants, design and materials used across the station appropriate to the location and do they generate an obvious WOW factor? Is there a welcoming feel?	Excellent attention to detail delivering the desired results in a most consistent and appropriate manner creating the WOW factor.	Most areas have high impact and very good attention to detail though a few are not compatible. There is a WOW factor. The entry is generally very good.	Good overall effect although not always balanced. Some areas make an impact others need to be more vibrant and embrace better design.	Although satisfactory more attention to detail is required in order to create more impact and design. Limited WOW factor.

Railway & Transport Hub Assessment

		Gold 10-9	Silver Gilt 8	Silver 7-6	Bronze 5
B1	<u>Natural Environment</u> Is there clear evidence that station adopters/volunteers are enhancing & protecting the natural environment and wildlife habitat where appropriate? Is there appropriate provision of areas designed to encourage pollinators, bat and bird boxes and insect hotels.	The natural environment is managed to an excellent standard supporting a wide range of flora & fauna, with little improvement required.	The natural environment is managed to a very good standard supporting a wide range of flora & fauna, very little effort would lift it to excellent.	The natural environment is managed to a good standard supporting a wide range of flora & fauna. Requires further work to improve it in places.	The natural environment is managed to a satisfactory standard supporting a wide range of flora & fauna, Needs significant improvement in places.
B2	<u>Hard Surfaces and Open Grass Areas</u> Is the station clean and litter free? Are car park areas and pedestrian areas free of weeds, graffiti, flyposting and chewing gum? Where appropriate & volunteer led, is station furniture in good condition including litter bins and seating.	All areas are cleaned to an excellent standard. If appropriate & volunteer led, furniture including litter bins and seating are in excellent condition. There is effective control of weeds, no graffiti and flyposting.	All areas are cleaned to a very good standard. If appropriate & volunteer led, furniture including litter bins and seating are in very good condition. There is very good control of weeds, very little graffiti and flyposting.	All areas are cleaned to a good standard. If appropriate & volunteer led, furniture including litter bins and seating are in good condition. There is generally good control of weeds, but evidence of some graffiti and flyposting.	All areas are cleaned to a satisfactory standard. If appropriate & volunteer led, furniture including litter bins and seating are in variable condition. There is a lack control of weeds, and evidence of considerable graffiti and flyposting.
B3	<u>Local Identity</u> Is there an immediate sense of place at the station and is there a welcoming feeling? Does heritage, station art, signage and interpretation give an excellent impression about what makes this station unique?	Extensive evidence of efforts to highlight/enhance local identity. An excellent impression made about what makes the station unique.	Considerable evidence of efforts to highlight/enhance local identity. A very good impression made about what makes the station unique.	Some evidence of efforts to highlight/enhance local identity. A good impression made about what makes the station unique.	Little evidence of efforts to highlight/enhance local identity. A satisfactory impression made about what makes the station unique.

Railway & Transport Hub Assessment

		Gold 10-9	Silver Gilt 8	Silver 7-6	Bronze 5
C1	<u>Communication & Awareness</u> Communication and media involvement embraced in all its relative forms. Are the station adopters/volunteers publicising their work and is the local community aware of the efforts being made to enhance the station?	Communication extremely well covered. Community participation outstanding. Public awareness excellent .	Communication very well covered. Very good community participation and public awareness.	Communications good . Community participation and public awareness of a good standard. A few missed opportunities.	Communications and public awareness is satisfactory . Community participation is limited. Overall there is room for improvement
C2	<u>Funding & Support</u> Is there fundraising and on-going support from a range of local businesses and organisations, such as community rail partnerships, making it viable and able to continue moving forward?	Excellent level of funding that ensures the viability of the entry into the future. Support in all areas is outstanding and a real strength to the entry.	Very good level of funding that ensures the viability of the entry. Support in all areas is very good and will be sustainable over time.	Good level of funding that ensures the viability of the entry and sustains present projects. Support in all areas is good and, with effort, will be sustainable over time.	Satisfactory level of funding that ensures the viability of the entry and sustains present projects. Support in all areas is satisfactory and fairly sustainable over time.
C3	<u>Year Round Activity & On-Going Planning</u> Is there evidence of year round activity highlighting any seasonal events that makes this station unique and demonstrates the present strengths of the entry.	Excellent evidence of all activity taking place throughout the year. The annual programme of activity is exceptional.	Very good evidence of all activity taking place throughout the year giving this entry a real strength.	Good evidence of all activity taking place throughout the year. The entry is in a good position.	Satisfactory evidence of all activity taking place throughout the year. The entry is in a satisfactory position.

Should any element through no fault of the Group be absent then use an average mark for that element only (average in most cases will be within 7-6) if the element is inappropriate to the area do not mention it in the feedback.
